Hot air drying tunnels, with belt and electric heating. The Rollwasch® Drytun range includes stainless steel belts with extra small mesh [XS].

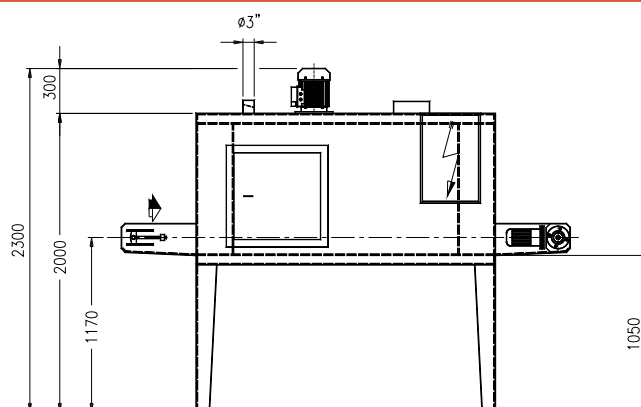

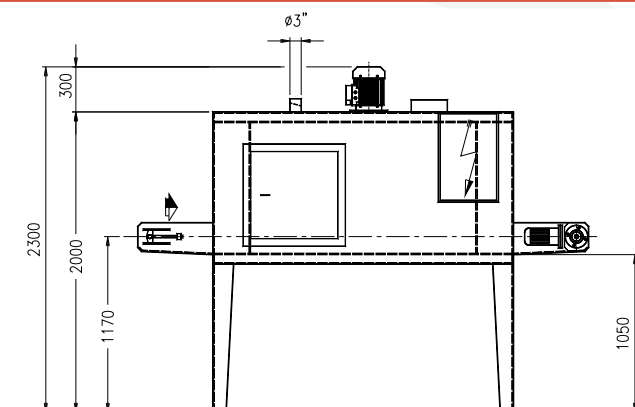

# RWE DRYTUN

Modello Model	Forno Lung.x largh. xH. Oven Length x width xH.
<b>Drytun-RWE-3000/400-XS</b>	2000x400x400 mm.
<b>Drytun-RWE-3000/400-XL</b>	2000x400x400 mm.
<b>Drytun-RWE-3000/600-XS</b>	2000x600x600 mm.
<b>Drytun-RWE-3000/600-XL</b>	2000x600x600 mm.

The Drytun programme offers a reliable and enduring machine, since all the parts in contact with the dampness and wet parts are made in stainless steel. The conventional extra small mesh of the stainless steel belts (XS) allows the transport of several type of articles, even small, while the more economical belt with wide mesh (XL) allows the transport of medium big articles.
